EYEGLASS DONATIONS

Donate eyeglasses and/or Hearing aids for people in need by: Leaving them at any BPA Service Center, or Send to Associates Center (BPA/B155) via BPA mail, or Mail to: Eyeglasses, PO Box 3621 (B155) Portland OR 97208-3621 Read more about <u>donating</u> Eyeglass or what the Associates <u>collection results</u> have been.

MEDICAL EQUIPMENT LOAN PROGRAM

A project of the Associates Foundation ~ a 501(c)(3) organization and benefit for Associates Members. The Associates has agreed to the Associates Foundation's sponsorship of the long standing Medical Equipment Loan Program. These items have come to the Associates through donations and purchases.

The advantage of having the program under the Associates Foundation is that donations – of new or good-condition used equipment (fair-market value) and of cash – are now tax deductible since the Associates Foundation is a 501(c)(3) organization.

Thank you for your support!

Chair: Cherie Long 503-230-3147

2010 ASSOCIATES FOUNDATION SCHOLARSHIPS

This year the Scholarship Committee received 8 applications. All applicants possessed impressive qualifications and our independent panel of area educators took their time to carefully evaluate and rank the applications. As a result of their consideration, this year's scholarships have been awarded to the following students:

\$1,400 Len Cebula Memorial Scholarship (Associates Past President 1973) – Chelsea McConnell (daughter of Dennis McConnell)

\$1,250 Ron Holeman – Katie Doelker (daughter of Albert Doelker)

\$1,050 Steve Cramer Honorary Scholarship (Associates Past President 2009) – Bradley Perot (son of Claudia Perot)

\$1,050 Geri Campbell Honorary Scholarship (Associates Past President 2007 and 2008) – Travis Cramer (son of Steve Cramer)

\$950 Associates Scholarship – Edie Clark (daughter of Don Clark, Jr.)

We would like to thank all of the Associates members for helping us award scholarships each year. It is, in part, your membership dues that help pay for these awards. We would also like to thank this year's applicants. All of these students are very deserving, and we hope they will apply again next February. Thank you again for all of your support.

Claudia Perot, Chair – JCD-5 (905 5-L22) BPA HQ503-230-3754

Scholarship Committee:

Eileen Jensen, CSB – Ross Complex; TPS-TPP-1......360-619-6748 Karen Graves-Pyrch – Foundation Rep.; KSC-4 (905 4-V4) BPA HQ.....503-230-3194 Dear Associates.

Thank you for selecting me to receive the 2010 Len Cebula Memorial Scholarship. This scholarship will greatly help me financially in my education as I try to reduce my reliance on loans. It is a great honor and I will strive to live up to the potential you have seen in me.

I was born in the Midwest, but was raised in Eugene, Oregon where I have recently Graduated from Marist High School. I have had a great experience in high school in which I have participated in both athletic and music programs. At Marist I discovered my passion for chemistry through imaginative and inspiring courses and teachers as well as a passion for serving others in my participation in Retreat Team and Christian leadership.

icine option so that I may attend

This fall I will be attending Oregon State University to major in Chemical Engineering. I am also enrolled in the Honors College at OSU. I plan on graduating with a pre-medic

I am also enrolled in the Honors College at OSU. I plan on graduating with a pre-medicine option so that I may attend medical school if I so choose. In the future I hope to work as an engineer both domestically and abroad where I hope to explore a variety of fields. Majoring in Chemical engineering allows me to pursue both of my passions and directly influence change in the world around me. Engineering is at its core, a field of service in all aspects of developing efficient solutions to the problems that surround us daily. This combination of science and service will push me to continue and succeed in my education. Thank you for awarding me this scholarship that will allow me to pursue my passions, which have now become goals.

Sincerely, Chelsea McConnell

My name is Edie Clark and I just graduated from Reynolds High School in Troutdale, OR. I will be attending Warner Pacific College as a freshman in the fall and plan on double majoring in Education and English.

I would like my future career to be in education. My main goal is to become a middle school or high school English teacher after maybe having taught at a local outdoor school site for a year or more. I believe it is something I will be good at and enjoy going everyday. My best subject is English and I really love to read and write, teaching would allow me to share that with others. I also really love kids, I am very involved with my church and have taught and volunteered with its various children's programs. On top of this I am a four time Outdoor School student leader and I am also spending my current summer working as a counselor at Camp Namanu in Sandy, OR, a Campfire USA camp.

I initially became interested in education after my first experience as an outdoor school student leader, I found interacting with the sixth graders to be so entertaining, I also really enjoyed the role of teaching and mentoring. My interest was furthered by my evaluation at the end of the week, my superiors were impressed with the job I had done and I felt extremely accomplished. I had found something that I enjoyed, was good at and found extremely rewarding. One of the major reasons I decided to attend Warner Pacific College is because it is a small school with a Christian environment conclusive to learning and growing. I am terrified to go to a big school and get lost in the crowd; a place where I am drowning and nobody even notices or cares. I also have always wanted to go to a bible school so if I did want to go into ministry I will have the chance to experience it upfront and personal.

Another reason Warner is a good fit for me is its location. Warner is so close to my family that I could go home whenever I wanted and still attend the same church I attend now (Rockwood Church of God). This is so important to me because I have parents who have a disability and a younger brother that mean the world to me. I would hate not being able to check in with them, especially my brother because he is in high school and going through all the struggles and pressure that come with it, I want to make sure I am there for him when he needs me.

Thank you so much for selecting me as one of this years scholarship recipients, it is an honor to be chosen against such tough competition.

Thank you very much for selecting me for the Ron Holeman scholarship! Your support helps tremendously. I am heading into my second year at the University of Oregon and am very excited to continue the incredible experience UO has had to offer me. I am currently majoring in business and minoring in Spanish and have big hopes for the future; my learning experience at UO has really intrigued and enlightened me in many aspects. In high school I was very much involved in volunteering and numerous clubs and have carried those habits with me to college. I plan to study abroad in Spain sometime in the next year and am looking forward to the eye opening experience of exploring different cultures, another thing I am passionate about. This scholarship really is helping to shape my future and I can't thank you enough for your generosity.

Katie Doelker

My name is Bradley Perot and I would first like to extend my sincerest thanks to all who contribute to the Associates Foundation and to those who facilitate the operations of this Program. Your hard work and more-than-charitable donations offer a glint of generosity in this financially insecure time, rendering the task of paying for higher education much less daunting. As a student of Political Science at McGill University in Montreal, Canada, I understand the importance of education and international experiences, and for this reason, I will be participating in a study-abroad program through McGill in the coming academic year. This program will allow me to study in a different country for nine months while still paying tuition. Therefore, I will be using the money awarded to me by the Associates Foundation to help pay my tuition at McGill while I study at L'Institut d'Études Politiques de Paris (otherwise

known as Sciences Po Paris), a leading institute of political science located in the French capital.

Although I speak French and have a few friends who live in Paris, I must admit that I am a bit nervous to live in such a large – and expensive – city known for its, shall we say, lack of people skills. The generous award given to me by the Associates Foundation, however, has already helped alleviate much of my anxiousness about the coming year, and for that, I cannot thank the Foundation enough. I plan on continuing along a path toward international peacemaking and Foreign Service, with the ultimate dream of becoming a diplomat at the United Nations. While that dream is a long way away from being realized, the generosity of the Associates Foundation and all who contribute to it will certainly help me attain these goals by allowing me the freedom to continue another year in University. Thank you so, so much.

Thank you for selecting me to receive the Geri Campbell Honorary Scholarship! Your generosity has helped relieve the great financial burden now inherent in a college education. I am a rising junior at Dartmouth College studying Anthropology and am interested in public interest law and plan to attend law school upon graduating. On campus I am involved in several community service programs involving the tutoring and mentoring of disadvantaged youths. I also participate in a campus youth group and am the service, event planning, and risk management chairs of Zeta Psi Fraternity.

I also spend my time working with a professor to edit the Oxford Handbook of Mesoamerican Archaeology, progressing toward fluency in Spanish, and have received the award for Anthropology Paper of the Year. In the upcoming year I will be studying abroad either in

Copenhagen, Denmark or Auckland, New Zealand and will be interning at the American University of Kuwait in Kuwait, Kuwait. As I have never been out of the country, it should be an exciting year full of novel experiences and tremendous learning opportunities. Thank you again for your generosity. With tuition costs continually rising, this help has never been needed more, and my family and I greatly appreciate your assistance.

Best wishes, Travis Cramer

Letters

We invite you to become a participant in The Associates, whether as a member, Governor, program chairperson or even a member of the Executive Officers Board. The Associates promotes good will, caring and sharing to employees, families, friends and the communities.

We have positions open in all areas to help with. If you are interested in projects/programs, the food drives, membership drives, medical equipment donation, Blood drives, college scholarship funding, notary, sports programs, watts news, craft bazaars, BPA Logo, Paper back books and videos to lend out, Entertainment books (coupons for restaurants, tires, rental cars, etc.), Christmas/Holiday giving gifts to children, and Book Fairs. Here is your chance to join in and help fill a vacant Chairperson position:

- Membership Chairperson
- Group Events Chairperson
- Marketing Chairperson
- BPA Logo Merchandise Chairperson

Please join us and be a part this rewarding organization called the Associates. We need volunteers to help out during events, even a half hour of your time helps with a great cause. Our next meeting will be held on Wednesday, August 18th from 12:00pm to 1:00pm in room 470.

Thank you for your interests and help. If you have any questions please feel free to contact any chairperson, Governor or the Executive Board.

Mollie Gratreak - Associates President

I would like to thank the Associates Foundation for naming a scholarship after me. This is truly a great honor to me.

I truly believe in the Associates and the Associates Foundation and the good work they do for the employees of BPA, as well as others who benefit from their fundraising.

I enjoyed my tenure as Secretary and President of the Associates, tremendously, and found it to be a great learning and growing experience for me.

Thank you again,

Geraldine A. Campbell

Editor's note:

In the September/October/November 2009 edition of Watts News, we made an error in publishing only a portion of Greg Stearns' letter. Greg is the recipient of last year's **Barb Shafer Memorial Scholarship**. We apologize to Greg for this omission and provide his letter in its entirety:

Thank you for selecting me for the Barbara Shafer Memorial Scholarship. In high school I was involved in many activities. I was on the varsity lacrosse team (4th in state), was the social chair for key club, and did policy debate on the speech and debate team. I did a lot of volunteering, mainly at lacrosse camps teaching middle school kids how to play. I will be attending Oregon State University next year to study chemical engineering. I developed a great interest in alternative energy because it was this year's debate topic and I am hoping to use my degree to pursue a career in the development and application of better sources of energy. Once again, thank you for selecting me to receive this scholarship. -Greg Stearns-
